CRYSTAL VALLEY FINANCIAL CORPORATION

The directors and management team of Crystal Valley Financial Corporation are pleased to report a consistent start to the calendar year 2024. Consolidated net income of more than \$2.6 million marks the second strongest opening quarter in our company's history, second only to the opening quarter of 2023 by \$33,000.

Our finance team executed a well-planned balance sheet restructuring in January, which, along with thoughtful loan growth facilitated net interest income growth of 4.65% compared to the most recent quarter. For many years, CYVF owned class B shares of Mastercard and Visa stock at a balance sheet valuation of zero. As market opportunities arose, we liquidated those shares during the quarter and offset most of the \$2.5 million gain by selling a corresponding amount of bond investments that we have been carrying at a net unrealized loss. The sale of these low-interest bonds generated more than \$28 million in proceeds to be reinvested at higher returning securities and fund projected loan growth.

It is impossible to discuss the corporation's financial performance without recognizing two directors who have reached the mandatory director retirement age. John Gardner has served our organization since 2010. His analytical mind and thoughtful approach to governance have served us well. Gordon Lord has been associated with First State Bank for 51 years, serving on the board since 1990 and as chairman for much of that time. With grace and dignity, he led the organization through the great recession, formation of the holding company, and through a CEO search and transition. Assets of the institution have increased eight-fold since Gordon joined the board. Thank you to these men for their service.

The Board of Directors has approved a second quarter dividend in the amount of \$.44 per share for shareholders of record as of May 3, 2024, and payable on May 17, 2024. This increase represents a 2.3% increase compared to the dividend paid at the end of 2023's first quarter. As of March 31, 2024, earnings per share were \$2.04, up 3.5% from the same quarter of 2023.
