

First Investor Savings

If you are in a financial position to keep a higher balance in your savings account, you may want to consider our First Investor Savings account. These personal and business accounts offer tiered savings, often earning higher interest than regular savings and checking accounts. As your savings grow, your interest increases too!

This account comes with other convenient features:

- ATM card (with corresponding checking account)
- Digital Banking access
- Electronic statements
- 24-hour Hometown Phone Connection

Calculators

How much do I need for a rainy day, retirement, my child's education, a dream vacation, etc.? On our website, bfirst.bank, you can calculate how much you will need for those special times.
